

# AUTOMOTIVE

Our dynamic remote video monitoring solutions reliably help stop theft before it happens and delivers cutting-edge sales and business operational benefits

## INDUSTRY-WIDE CHALLENGES

Guards are Expensive

Vehicle and Parts Theft

Trespassing/Intruders

Property Damage and Vandalism

Site Accidents

False Service Lane Claims

## Why Dealerships Choose Stealth

- Combination of technology with human intelligence to detect and help prevent crimes in progress
- Ability to see criminal activity often results in quicker police response times
- Real-time "Talk Down" solution to deter crime
- Video evidence and reports to share with authorities and verify on-site activities
- High-risk sites can receive 24/7 monitoring, including weekends & holidays
- Recurring diagnostic checks on equipment to maintain health of hardware and camera network
- Packaged value-added services custom-built with internal programming department to support core services
- Gate entry/exit control for remote vehicle storage
- Provide information to help enforce safety/compliance regulations

# STEALTH SERVICES

Our integrated suite of services provides the most comprehensive and cost-effective security and operational solutions to protect your dealership at night and streamline your operations.

## VIDEO SURVEILLANCE

Stealth Monitoring provides remote, interactive video surveillance to dealerships that reduces or eliminates the need for on-site guard services.

## VIDEO REVIEW

Our dedicated video review team enables you to find out how to improve customer responsiveness, drive adherence to protocols, address false claims, audit general operational concerns, and provide data generated by video analytics.

## ACCESS & INTRUSION

Our fully web-enabled system allows real-time updates and user management, as well as audit tracking in sensitive areas.

## SERVICE LANE SYSTEM

Our state-of-the-art service lane system allows your service advisors to document the entire exterior of any vehicle entering or exiting your service lane.

## Results

- ✓ Theft protection
- ✓ Operational optimization
- ✓ Loss & damage protection
- ✓ False claim mitigation

*“Stealth Monitoring not only protects my properties at night, but have proven themselves to be incredibly effective at retrieving incidents within the workday. **Our losses have been cut by 90%.**”*

— SCOTT FADER, PRESIDENT, MILE ONE AUTOMOTIVE
