# Leaders in Remote Video Monitoring & IP Security Solutions

### THE STEALTH ADVANTAGE

## Real-time Health Checks & 24-hour IT Support

Recurring diagnostic checks on equipment and site inspections

#### Site Analysis & System Design

Consultation and customized solutions to enhance security measures

### High-Definition Surveillance

In-house software development and installation team work together to provide top-quality products and technical support

#### Operational Management Tools

Customized service protocols to meet client-specific requirements

#### Video Analysis

Proactive video investigation team
performs video reviews for security and
operation events

### Live Remote Video Monitoring

Customized monitoring solutions: live video monitoring, analytic event-based monitoring and video guard tours

#### SERVING CUSTOMERS ACROSS NORTH AMERICA

Technological advancements with the internet and sensory responses have allowed Stealth to revolutionize the security industry. From how security is managed to how security duties can be performed, Stealth presents you with an all-in-one security solution that uses remote video monitoring capabilities to provide a wide range of services.

#### **VERTICALLY-INTEGRATED**

# REDUNDANT LIVE VIDEO MONITORING CENTERS

Will not charge hidden fees.

Will educate clients on technical concepts.

Will design security plans according to individual site needs.

Will strive to provide latest technology.

Will demonstrate integrity.

Will take accountability.

Will deliver unmatched customer service.

Will handle all cases in a timely manner.
