WHY OFFICE BUILDINGS CHOOSE STEALTH FOR SECURITY NEEDS:

- High-tech IP surveillance systems that are monitored in real-time
- Average 1000+ arrests per year
- Combination of technology with human intelligence to detect and help prevent crimes in progress
- Ability to see criminal activity in real-time often results in quicker police response times
- Real-time "Talk Down" solution acts as an immediate audio deterrent
- Interaction and information sharing with authorities to build relationships with local police departments
- Video review service provides an easy and cost-effective way for property managers to investigate and document incidents (ex. claims, lawsuits, vendor management)
- High-risk sites can receive 24/7 monitoring, including weekends & holidays
- Customizable security service protocols & operational reporting
- Recurring diagnostic checks on equipment to maintain health of hardware and camera network
- Packaged value-added services custom-built with internal programming department to support core services

MANAGE RISK AND MITIGATE LIABILITIES

Office buildings seek to maintain a secure environment for their tenants, while reducing their own exposure to premises liability. Commercial properties rely on after-the-fact evidence that doesn't stop a crime in progress and has little value if criminals cannot be identified. On-site security guards are expensive and have many limitations.

STEALTH PROVIDES THESE BENEFITS:

- Reduce theft, vandalism, and property damage
- Deter rooftop copper theft & HVAC damage
- Improve marketability and vacancy rates
- Differentiate your assets from your competitors
- Help prevent elevator damage - we helped one customer save \$400K in damages the first year of using our service
- Convenient payment options with no surprise costs
- Receive full-service consulting with turnkey system design & installation
- Consolidate portfolio security on a single enterprise platform

Choose an industry leader with over 100,000+ watched cameras every night.

Leaders in Remote Video Monitoring & IP Security Solutions

THE STEALTH ADVANTAGE

Site Analysis & System Design

Consultation and customized solutions to enhance security measures

High Definition Surveillance

In-house software development and installation team work together to provide top-quality products and technical support

Live Remote Video Monitoring

Customized monitoring solutions: live video monitoring, analytic event-based monitoring, and video guard tours

Operational Management Tools

Customized service protocols to meet client-specific requirements

Video Analysis

Proactive video investigation team performs video reviews for security and operation events

Real-time Health Checks & 24-Hour IT Support

Recurring diagnostic checks on equipment and site inspections
